A UNIQUE LEARNING ENVIRONMENT

CTHS is a state of the art campus in Washington County School District and a one of a kind venue in the intermountain west. Our campus is designed specifically for the CTE pathways that make up the CTHS curriculum. The design integrates flexible indoor and outdoor spaces, natural light and cutting edge technology. In addition to providing a unique instructional environment, the building will have the capacity to host community and professional events.

FIND YOUR WHY AT CAREER TECH HIGH

VISION

Graduate from CTHS with Industry-recognized credentials and certification, college credit, and a meaningful and relevant high school diploma.

LEARN

The CTHS building is a unique, state of the art, technologically advanced facility - The only building like it in the State of Utah and the Intermountain West.

EXPLORE

CTHS will provide you with relevant career related experiences, and authentic project based activities.

INTERACT

CTHS will help you build relationships with business, community and professional leaders through field trips, guest speakers, mentorships and internships.

CONNECT

CTHS is a new opportunity, a new and different school culture, a new challenge where you can connect with like-minded students.

ENGAGE

At CTHS you can engage in a creative, professional, unique and high expectations environment.
