-Reading Program for school next year

1. A new position has been created for a Reading Teacher.
2. As a Staff, we have set a school wide goal to read in all classrooms.
3. During REACH on Fridays - Students will spend time reading from 1:25 - 2:00pm.
4. Our current 6th graders have had a reading growth of 0.8 and we want to see a reading growth of at least 1.0 for the school year.
5. One of our students has been reading with a volunteer/mentor every week this year. This student's reading level has increased from 2.8 to 5.0
6. Students need to see adults reading in the home. Especially male students need to see male adults read. This reinforces the value of reading.
7. Some incoming 6th graders in Special Ed are at a Kindergarten reading level.
