

Community Council Minutes

May 17, 2016

Present: Amy Goeser, Mandy Dover, Virginia Grenier, Mark Hoss, Amy Mitchell, Jay Porter, Cheryl Hutchings.

Hiring updates:

The district just announced a hiring freeze for teachers.

We currently have hired Matt Thomas as a 4th grade teacher, Ms. McCombs and Ms. Shumate, and Toni Schroath to be first grade teachers and 1 kindergarten teacher.

School Trust Land Plan Update:

Amy Mitchell went over the growth students had through the reading interventionist program.

Mrs. Lee did an amazing job as the Musical Theater teacher with over 80 students involved this year.

We will continue to pay for these programs from the School Trust Land funds.

PTO Fundraiser/Playground:

There has been some confusion about how the new playground will be paid for. The PTO raised \$9,000 from the candy sales. At least \$6,000 of it will be used for the new playground. The school will match the \$6,000 with funds other than Trust Land funds. Plans and ideas are in the works for what will best suit our needs.

Plan for Updating iPADS:

We are working on replacing one grade level of iPads this year and rotating through the grade levels (one each year) to replace them and keep the technology current. The iPads will be sold through the District Surplus sale. We are looking to replace the iPads with either new iPads or new Chrome Books. Security is a big issue.

STEM Fair Report:

Our first STEAM Fair was a success. There were 62 projects entered. We are looking forward to doing it again next week.

Status of Committee Members for 16/17:

Amy Goeser and Virginia Grenier will be leaving the committee next year. Mark Hoss, Mandy Dover and Jessica Holdcraft will still be on the committee. Elections will be held in the fall for the new school year.

Contest: #SITLAFunds16 trustlands.utah.gov/sitlafunds16:

The school can earn an extra \$1000 if we do a hash tag to this address.

Meeting adjourned.

Next meeting will be in the fall.
