Coral Cliffs Final Report Summary

Principal gave the final report for 2013-14 Trustlands. The school has been making progress according to school/district data. All allocated funding was used as stated in the school plan. Up to this point we have used data from Treasures, DIBELS, and My Math to ensure student progress. The progress is as follows: There is an 11% increase on Treasures benchmarks, a 12% increase on DIBELS, and a 2% increase on My Math benchmarks.

SAGE results

English Language Arts average for the state is 42%, district is 43%, and school is 39% proficient. Mathematics state average is 39%, district is 41%, and school is 38% proficient. The Science state average is 44%, district is 51%, and school is 29% proficient. Since the testing is new, the school will look at ways to improve student achievement. They will continue to focus on their school goals in order to show growth.
