#### Course Overview

Welcome to 9th Grade Chinese! This year, we will continue to build your Chinese language skills using the DLI curriculum developed by the Utah state team, aligned with the six AP themes. At the end of each unit, you will apply your learning through fun and creative **real-life projects**.

The AP Chinese test is an *optional* opportunity for students in the DLI program at the end of 9th or 10th grade. It is not a required assessment. I will share information about an AP Info Session once we settle into the beginning of the school year.
