Thanksgiving Vacation

Dear Jaguar Parents and Students,

We did it...1st trimester has already come and gone. The first of the school year can seem overwhelming. Hopefully each of you have learned what to expect from your children's teachers and how to best help your child with their school work. Please make sure you have access to PowerSchool and check it often. This is the best way to stay informed of where your child is at and if they are missing any assignments. Plan on starting this trimester caught up and continue doing what it takes to stay caught up.

This year we will be focusing on the 7 Habits of Happy Kids. For the month of November we will focus on Habit 2...Begin with the End in Mind. We will do activities and learn about why it is important to think about the consequences of our actions before we act. Please take the opportunity to talk to your child about what they think about this habit and anything that they could work on to make this habit more of a habit.

I enjoy working with your children! They are the best and have been so much fun to get to know. Please let me know if there is any way I can help your child here at school!

DAYLIGHT SAVING TIME SOME INTERESTING FACTS

- It's Daylight Saving Time not "savings" time.
- Ben Franklin did not invent it. Though in 1774 he did suggest getting people up earlier as a way to save money on candles.
- First implemented in 1909 during WWI as a way to save energy for war production. It was also referred to as "war time".
- Hawaii and Arizona (except for the Navajo Nation) do not observe it.
- It's used in over 70 countries around the world though dates and times vary.
