Class Change Policy

If you want to change an elective class that you have previously selected you can do that by signing up for a class change the first five days of each Trimester. Please understand that if you want to change a year long elective you will need parent approval. To make a class change from a required class a discussion with the Teacher and your parent will be important. We will do our best to accommodate a class change if there is room in the class and your schedule allows for the change.
