School Program Reports/Discussion:

The school will be having an accreditation interview on January 23 and 24. Jan Goodwin, along with several faculty members are helping to get our report put together before then.

The 2018-2019 Trust Lands Funding Allocation will be going to help pay for the extra Focus Center Teacher which specializes in Math and English, Tricia Duffin.

Our annual Faculty Christmas Auction will be held on December 6 at 3:00pm. Several items are donated and then the staff bids on them at the auction and money earned goes to help several students have a Secret Santa deliver a special gift for Christmas.

Several organizations donate at this time of year to help students with the most need. The Kiwanis club is helping some of our young mothers for Christmas.

Jennifer Cruz was hired to help as an aide in the IAES program. We are losing our Mental Health Counselor, Sherri Dominquez and will be looking to hire another one by the first of the year.

It was discussed that Bo Iverson's Excel class be responsible for Flag duties at our school.

Next Meeting: January 15, 2019
