COVID UPDATE: Still very minimal in the Washington County School District. Students & Faculty are still required to wear masks at all times. Many of the school district employees have now been vaccinated.

2021 GRADUATION: We are planning to do a virtual graduation with each student being filmed and recognized by their TA. Family can come to watch and celebrate with them. There will be food and some type of activity for the graduates. It is still in the planning process.

Bo went over a small portion of our school plan with the committee.

SCHOOL TRUSTLANDS: It was voted upon to use the upcoming school year 2021-22 trustlands money for the Focus Center. The motion was made by Bobbi Mosteller and 2nd was by Heather Simmons. It will pay for a second teacher, Mrs. Duffin and a secretary, Mrs. Probst to help students in our focus center. Students come from other high schools in the district to get this extra help also. The signature page was reviewed and the meeting was adjourned for the remainder of the school year.
