

August 26-September

The First School Newspaper

This is the first Red Mountain Elementary School newspaper. We call it Red Mountain Report, or “RMR” for short. We make this newspaper every week. We pass them out about 4 or 5 to each class to read. This week, we will make it shorter, but usually in this newspaper, we write the weather, the announcements, and any school services or interesting facts every week. We also do a riddle and a joke weekly. That’s the information about our newspaper system.

This is the weather report we do every week. The weather is a high of 104 and a low of 73 on Monday. It is 106 and 75 on Tuesday. A high of 104 and a low of 75 on Wednesday. On Thursday, a high of 102 and a low of 73. On Friday it is a high of 100 and a low of 76. On Saturday, a high of 101, and a low of 72. On Sunday the high is 98, and the low is 71. So a high of 106 and a low of 98 for the week. That is our weather system.

This is the joke of the week. How do you make a tissue dance? You put a boogie in it! And now for the riddle. How far can a fox run into the woods? I will mention the winning class in the newspaper.

That was our first newspaper. We did not put the announcements in this paper, but we will put them in next week. We will also put things like comic strips and it will be decorated. That concludes our school’s first newspaper.

Shout-Outs

Happy Birthday to Mrs. Sawyer (Last Friday)

A Thank you to the lunch ladies for lunch (as requested by Ruben Pèrez)

Thank you Mrs. Leavitt for approving our newspaper and helping us out.
